

Preparing Your Home for a Showing/Open House

Your home is listed and now it's time for realtors and potential buyers to view your home. First impressions are everything when selling your home. You want to create a “buyer friendly” atmosphere where people can visualize themselves living in your house. Below is a handy checklist for you and your family to use to make it easy to get your home “show ready”.

General

- Vacuum, sweep, dust, and tidy each of the rooms.
- Do a sniff test and take care of any odours. e.g. avoid meals the night before that have strong odours. - open windows, if possible, to let the fresh air in.
- Remove/hide valuables like jewelry, prescription medication, and personal items.
- Not everyone is a pet person so tuck away your pets' toys, bowl, and bed.

- Open all curtains and blinds to let the natural light in.
- Turn on all the lights.
- Keep your home temperature comfortable - not too cold or too hot.

Exterior

- Pull cars out of the garage and driveway. This will highlight the storage inside the garage and give buyers an unobstructed view of your home from the curb.

- For nighttime showings, keep your exterior well lit.
